VOL 10 NO 8

NORTH WILMINGTON, MASS. AUGUST 25, 1960

PRICE 10 CENTS

FROFOSE \$350 CCC GOLF COURSE OFF CHESTNUT ST

A 171 Acre Golf Course, to be known as 'The Garden of Eden' is planned, off Chestnut St. in Wilmington.

The Bell Farm, formerly a dairy farm, owned by Millard Pipes, would contribute 126 acres to the course, according to the plans of three men who are planning the course.

The men, unknown at this moment, have been talking with Town Manager Cecil Lancaster and they have been reported as saying he was 'enthusiastic' about the idea. One of the men lives in Wilmington, one lives in Woburn, and the third in Reading.

The name of 'Garden of Eden' was taken from stories in the Town Crier, printed several

years ago, about this area, and the plant and tree life there.

The first nine holes are planned to go into the Garden of Eden, a name that has existed from Colonial days. Yellow and Black birch, still existing in the woods, will be preserved for the future, it is understood.

In addition to 126 acres of the old Bell farm the syndicate is planning to purchase 30 acres from Tom Galvin, and 15 acres of other land.

The Bell farm house will remain in the Pipes family hands.

A Board of Appeals hearing will be necessary before the town can give permission to go ahead.

STUDENT LOAN FUNDS ARE AVAILABLE

The Board of Directors of the Wilmington Student Loan Fund, quests for loans are now being received in anticipation of the new school term commencing September, 1960. The Directors further advised that any student interested in securing financial aid should immediately apply at the office of Harold Shea, Superintendent, Wilmington School Department, Church Street, Wilmington. The officers and directors are as follows:

Henry Foster, President; Davenport Davis, Treasurer; Alan Altman, Clerk; Edward Osberg,

Henry Porter, Robert Sumberg, Ernest C MacDougall, and Ralph Swanson, Directors.

The Student Loan Fund was organized in 1958 to enable worthy students to continue their academic development beyond the secondary level, thus furthering the development of responsible citizenship, and has been funded by various Rotary enterprises.

The Board of Directors, in reviewing the loans granted in the previous year, were gratified at the success of the students who were helped by this organization.

SILVER LAKE FIRE INSURANCE RATING MAY BE ABOLISHED, BLACK SAYS

Selectman Charles H. Black told the Board of Selectmen, Monday night, that he believes the Silver Lake 'D' ratings, for fire insurance, will soon be abolished.

His observation was made after Selectmen had reviewed a petition by Steve Endell of Grove Avenue, and other citizens, relating to the special insurance for the Silver Lake

District, which forces home owners in that area to pay higher insurance rates than in other parts of town.

Black told the Selectmen that the Fire Underwriters of Boston had made a study of the district, and that he believed new recommendations would soon be made.

The petition was tabled pending the new recommendations.

MORATORIUM ON NEW GAS STATIONS

ONE YEAR BAN ON MAIN ST

The Board of Selectmen, Monday night, voted unanimously to grant no more gas station licenses on Main Street for a period of one year, while a study is made of the situation on 'Gasoline Alley'.

The motion was by Selectman John Brooks, and followed a discussion with representatives of the Esso company, regarding a new station at the corner of Bridge Lane and Main Street.

There are now 11 gas stations

on Main Street that are active two more in the inactive class and (including the Esso Station voted Monday night) three building.

A license was granted to the Esso station over the protests of Selectman Charles H. Black, who observed that 'I wouldn't want a gas station near my home, and I wouldn't want to ask my neighbor to have one near his home'.

Selectman Don Kidder abstained from voting, in the new gas station vote.

HOUSING AUTHORITY PLANS 'PUBLIC HEARING'

The Wilmington Housing Authority is planning to hold a 'public hearing' on Urban Renewal after all.

It had been advised by the New York office of the Housing and Home Finance Agency that a public hearing was not necessary, and had accordingly cancelled one, scheduled for mid-August.

Tuesday night, in a post-midnight discussion, the Authority decided that one should be held, and told Director James W. Franklin to make arrangements, presumably for use of suitable quarters in the High School.

No date has yet been set.

PLANNING BOARD TO ASK THAT PARK COMMISSION BE ESTABLISHED

The Wilmington Planning Board has instructed its chairman William Beers to talk to TM Cecil Lancaster about the establishment of a Park Commission in Wilmington, as a part of the Town Government.

The Planning Board are, and have been for some years, also

acting as Park Commissioners.

In a discussion Tuesday night former Planning Board Chairman Danny Gillis told the Board that its duties are becoming too heavy, because of the Planning Work being carried on. The decision was unanimous.

ALL COLUMBIA STREET IN SEARCH FOR OLLIE NEWCOMB

Columbia St. residents have been taking their part in a nearly statewide search of the New Hampshire woodlands, looking for a plane which disappeared last Friday, on a flight from Montpelier Vt to Manchester, NH.

In that plane, one of two passengers, was Oliver Newcomb 52 years old, of 52 Columbia Street.

Newcomb is a friend of every one on the street, and a relative of many.

Six or eight people from Columbia Street have been at the Grenier Air Force Base, near Manchester, every day, since Newcomb disappeared. The men have taken time from their work, and many have flown in the search planes.

Two giant helicopters were pressed into the search Tuesday noon, but as of Wednesday noon there was still no word of the missing plane.

Newcomb, a member of a well known Wilmington family, is Superintendent of Maintenance for the First National Stores, and had been in Montpelier

with Charles F. MacFarland of Woburn, also a First National Stores executive.

The two men had been on a business trip to Vermont, and had chartered a red and white Piper Tri Pacer plane for their return trip.

The plane, owned and piloted by William E. Martin, of Concord NH. Martin, 55 years old, is an experienced pilot, and the plane was equipped with radio and flares, and a supply of K rations.

Mrs Newcomb, the sister of Postmaster Henry Porter, did not know her husband had been flying back. She presumed he was travelling by automobile.

She has been in New Hampshire every day, since her husband was reported lost, always accompanied by neighbors and friends. Her brother, Mr. Porter, was one of those with her on Tuesday.

Newcomb is a former contractor in Wilmington, and at one time was the Superintendent of the Wildwood Cemetery. He has a daughter Joan, 19 years old, and is working out of the First National headquarters in Framingham.

NEW BIOLOGICAL STATIONS

The Wilmington Board of Health has established three Biological Stations in Wilmington drug stores, effective yesterday afternoon.

The North Wilmington Pharmacy, the Wilmington Center Pharmacy and the Silver Lake Pharmacy are storing state-owned drugs, against a day of possible need, for the Board of Health.

Here, in the new Prescription Waiting Room of the Silver Lake Pharmacy Sanitarian Pat Thibau and Pharmacist Louis Hailson check over the list of drugs at the Silver Lake Pharmacy.

ELKS THIRD ANNUAL

PARKS AND PLAYGROUNDS

Our Planning Board has a report that recom-
mends 1400 acres of parkland for Wilmington.

Our Board of Selectmen have a letter from
Larry Cushing, Athletic Director, requesting
more playgrounds for children.

Of course thinking people will approve of
the thoughts in these two proposals, even if
it means additional taxes.

But when we looked at the Little League Park
in No. Wilmington this weekend we began to won-
der.

The Little League Playground costs the town
nothing. It is supported by the merchants of
Wilmington, and the Murray Printing Company
pays taxes on the property.

During the past week vandals have broken
down the first base dugout. It wasn't an easy
job. It must have taken a concerted effort of
many people. They are now in the process of
breaking down the third base dugout.

Is it worth while to try to do good?

RANDOM THOUGHTS

We have no pretensions of knowledge in the
field of psychology. We wish we did. We wish we
could offer some advice on the case of a Wil-
mington boy who is now being held for Grand Jr-
ry, because he saw some money in an open safe,
and walked off with it.

We have known the boy for years. He is (or
was) a friendly youth, who more than anything
else, was striving for friendship and recogni-
tion. His father has not been home for some
years. He has, from time to time, engaged in
just the type of theft he committed last week,
so much so that the Wilmington Police knew with
no hesitation who had committed last week's
theft. The thefts, we feel, were never premed-
itated. The opportunity suddenly presented it-
self, and he was unable to resist the tempta-
tion. Of late, we understand, he has taken to
the Leather-Jacket-with-Brass-Rivets set.

Perhaps the Massachusetts Youth Service
Board will be able to do something. We hope so.

THE OLD STIFF UPPER LIP

Somehow we have had a few illusions destroy-
ed, during the past week, during the trial of
Francis Gray Powers.

Mr Powers, paid \$30,000 a year to be a pro-
fessional spy, in effect threw himself on the
mercy of a Russian Court. His wife, to compound
things, in pleading with Krushchev for mercy.

Gone, it would seem, are the days of the Old
Stiff Upper Lip, when a man in such straits
would smile slightly and say nothing, and his
wife would sit home, in silence.

Either Powers was brainwashed, in spite of
what Washington may say, or else Washington
chose the wrong man for the job.

IN WHICH WE REITERATE

Last week, in this column, talking about Ur-
ban Renewal, we stated that "at least three of
our Selectmen are in favor of an Urban Renewal
project for Wilmington. At least two of these
are not in favor of the Wilmington Housing Au-
thority as the agent for Urban Renewal. These
men would vote for Urban Renewal if another
agency were in charge, but not if the Housing
Authority is in charge".

Our statement was challenged by the Chairman
of the Board of Selectmen, who as much as stat-
ed that not one member of the Board of Select-
men were in favor, and the only reason three of
the board voted for the additional funds of
\$3500 to the WHA was so that the proposition
could be put before the public.

It is not our particular desire to disagree
with the gentleman publicly, and it is true
that a statement to this effect was made at the
time the \$3500 was voted, but we suggest that
our statement is still basically correct.

Not only is it basically correct, but it is
one of the keys to our present Urban Renewal
project.

Our Urban Renewal project was originally
suggested by the Selectmen. They have said so
many times. Two of the Selectmen are not in fa-
vor of a project, but the others, if they stop
to rationalize, and in spite of the statements
made Monday, are basically in favor of an Urban
Renewal Project.

They are disagreeing, publicly and privately
with the Housing Authority.

We suggested that an executive meeting, be-
tween the two groups, with not even a secretary
present, could possibly accomplish something.
It would give them an opportunity for a wonder-
ful name calling session, if nothing else.

So - we suggest it again, and hope that this
time our suggestion will be realized to be just
that.

We were also taken to task for suggesting
that the town could undertake a trucking-gravel
operation, instead of having private contrac-
tors do the work.

This suggestion, it must be admitted, did
not fall on fertile ground - in fact it was the
first time since Cecil came to town that we saw
sparks in his eyes.

There may be very good reasons why a town
should not engage in this type of work, and it
must be carefully considered before making any
agreement. But, even if there are good reasons
for not doing it there are still good reasons
for looking over the proposition, and that is
what we are suggesting.

If Wilmington should vote for the present
Urban Renewal project, or even another one, it
will be spending up to \$275,000 for the project.
If the town spends the money in such a manner
that some of our local people are employed, in-
stead of out-of-town employees of some trucking
company, is that wrong?

Because of the sparkle in the TM's eyes we
have asked several persons, none of them con-
nected with the Town Hall, as to their thoughts.
They have, if we may say so, some knowledge of
the problems involved.

One of these men said he would go slowly. It
was not impossible, he stated, but there were a
lot of angles to be considered.

A second person with some legal knowledge of
the problems thought that there would be no-
thing wrong with the town taking contracts of
this type, and further thought that if the town
made an honest profit it would be entitled to
take that profit.

We don't profess to know, but we do think it
is something that can be investigated, and not
just dropped like a hot potato.

Of course, this would all be for action in
1961, and only if we should vote for the Urban
Renewal project. We would have to appropriate
the money in 1961, but is it wrong to think of
it ahead of time?

TOWN NOTES

What they say in the Square
Wilmington, and other towns
are being plastered with cam-
paign stickers. We have even
seen them on the trash barrels
on Route 93, and further we
have noticed that some people
are getting so disgusted with
the stickers of one particular
candidate that they are going
to the trouble of taking them
off trees and telephone poles.

According to the boys who
know everything in Wilmington
Square, if a candidate for DA
who has plastered the town
gets in it's going to be a
wonderful county for the Book-
ies.

Bookies, these people say,
are paying this particular
individuals campaign expenses.

Firemen are Cops

We remember the days when
Dean Cushing was around, as
our TM. Dean never got around
to tying together our Police
and Fire Departments, but
there was belief that he would.
We were reminded of this on
Tuesday, while in the Town of
Reading.

It seems that the Reading
Chief of Police has Firemen
doing Traffic Duty.

Dear 'A Reader'

Every now and then we get a
letter which, like yours, is
unsigned. We don't print them.
We are not going to print your
letter, either.

We must say that you have
picked out an hilarious item
on which to comment. We don't
very often take the time to
examine the paper to which you
refer. We agree with you. How
does one reprint errors? The
thing could go on, ad infinit-
um.

And you say that one of those
editors went to a School of
Journalism!

PLANNING BOARD 'JUMPING' ABOUT PROPOSED TRAMPOLINE INSTALLMENT

A proposal to have a 'Tram-
poline Center' on Main Street,
in Wilmington, had members of
the Planning Board, (in the
words of one member) 'jumping'
Tuesday night.

(A trampoline is a device
made of canvas or nylon, and
stretched tightly over a frame
on which a person can bounce
easily. It has become a 'rage'
in some places, as a place of
entertainment. ED)

The proposal is to be heard
in a Board of Appeals hearing
next Thursday, and all members
of the Planning Board plan to
be present to oppose it.

'Another step towards Revere
Beach' chairman Bill Beers
called the proposal.

The board also intends to op-
pose proposals for a variance
on signs for a gas station
opposite Bridge Lane, and for
a variance on Salem Street for
a cement block plant.

On request of the Chief of the Fire Department.

ARTICLE 4. To see if the Town will authorize the Selectmen to execute, on behalf of the Town, a 'Cooperation Agreement' between the Town and the Wilmington Housing Authority, providing for the cooperation required by the Urban Renewal Administration of the Housing and Home Finance Agency with respect to Land Assembly and Redevelopment plan for the 'Wilmington Center' area in the Town of Wilmington; said agreement containing provisions with respect to making cash grants-in-aid, constructing public improvements, conveying Town owned land to the extent required, vacating certain streets, altering and widening certain streets, improving certain streets, crediting the Town for the cost of certain of the foregoing, and other forms of cooperation; copies of a draft of which proposed agreement are on file in the office of the Selectmen, the Wilmington Housing Authority, and the Town Clerk, or will take any other action with respect thereto. Ed.) as most recently amended, will appropriate from available funds a sum of money for the purpose of defraying such part of the development, acquisition, and operating costs of the 'Wilmington Center' Urban Renewal Project in the Town of Wilmington, Massachusetts, as will not be met by loans, contributions, or grants from the Federal Government or otherwise, and will authorize the Selectmen, with approval of the Emergency Finance Board to borrow the whole or any part of the same. Discussion of this article will constitute a Public Hearing in accordance with Title I of the Housing Act of 1949 as amended and supplemented, and Federal regulations pursuant thereto, for the undertaking by the Wilmington Housing Authority, with Federal financial assistance, of a Land Assembly and Redevelopment Plan under Chapter 121 of the Massachusetts General Laws in the following area located in the 'Wilmington Center' section of the Town of Wilmington, County of Middlesex, Commonwealth of Massachusetts and known as the 'Wilmington Center' Urban Renewal Project Massachusetts R-12, and bounded generally by:

Commencing at a point formed by the projected curb lines of Main Street (State Route 38 and numbered Route 129) and Church Street (numbered Route 62) at the southeasterly corner of the intersection and proceeding clockwise around the Project Area, the boundary extends in a northerly direction for a distance of seventy-five feet (75'±) at which point the boundary then changes to a southwesterly direction for a distance of fifty feet (50'±) to a point formed by the intersection of the projected curb lines of Main Street and Burlington Avenue (numbered Route 62) at the northwestern corner of this intersection. A

The boundary then is extended in the same southwesterly direction for a distance of one hundred feet (100'±) along the abutting property line of the Boston & Maine Railroad.

From this point the boundary then follows an arching curved line in a northeasterly direction to a point across Main Street which is formed by the intersecting curb lines of Main Street and Middlesex Avenue at the northeasterly corner of this intersection. B

From this point the boundary follows in an easterly direction for a distance of thirty-one feet (31'±), then in a northeasterly direction along the Boston and Maine property line coincident with the abutting lots #30, #31, and #33. At this point the boundary then follows the northerly and easterly boundary line of lots #33 and #34 to a point at the northern curb line of Middlesex Avenue.

From this point the boundary crosses Middlesex Avenue in a curving line which is coincident to the projection of the eastern curb line of Adelaide Street, thence, along the curb line of Adelaide Street crossing Church Street to a point formed by the eastern curb line of Beacon Street joining the southern curb line of Church Street.

The boundary then extends in a southwesterly direction along the southern curb line of Church Street closing upon the point of origin which is at the southeasterly corner of Church Street

FOOTNOTES:

A. Burlington Avenue terminates at the center line of Main Street.

B. This boundary being just behind all the buildings that immediately abut upon the Boston & Maine roadbed so that these buildings are included with in the project area. All trackage and necessary signaling devices are excluded. Although this is a generally described line the intent is to prevent undue severance of trackage or signaling devices of railroad sidings not to be included. This elaboration is essential because the buildings in this section are so situated that no horizontal measurement can be established as a set distance from the buildings along this section of the railroad bed.

Such project will include the acquisition of land in the Project Area; the demolition or removal of buildings and improvements; the installation, construction or reconstruction of street, utilities and other site improvements; and making the land available for development or redevelopment by private enterprise or public agencies as authorized by law.

The proposals of the Wilmington Housing Authority with respect to relocation of site residents will be open for discussion at this hearing. On request of the Wilmington Housing Authority.

ARTICLE 6. To see if the Town will vote to accept Chapter 418 of the General Laws of the Commonwealth of Massachusetts authorizing the Wilmington Housing Authority to take by eminent domain certain land located in the Town of Wilmington. On request of the Wilmington Housing Authority.

ARTICLE 7. To see if the Town will vote to amend the Zoning By-Law and Map by changing from Single Residence A District to General Business District the following described parcel of land:

Beginning at a point at the intersection of a line parallel with Main Street and at a distance of seven hundred and fifty feet (750) to the east of said street, and a line parallel with Middlesex Avenue and at a distance of one hundred and fifty feet (150) to the north of said avenue, and thence running N-14°-15'-40" W a distance of twenty eight feet (28.00) on the extension of the line parallel with Main Street; thence S-50°-43' E a distance of twenty feet (20.00); thence S-18°-38' W a distance of seventeen feet (17) on a line parallel with Middlesex Avenue to the point of beginning, or do anything in relation thereto.

On Request of the Planning Board

ARTICLE 8. To see if the Town will vote to amend the Zoning By-Law and Map by changing from Single Residence B District to General Business District the following described parcel of land:

Beginning at the intersection of the center lines of Church Street and Adelaide Street and thence running along the center line of Church Street S-42°-16' W, five hundred and twenty three and seven tenths (523.7) feet; thence running on a line, parallel with Main Street at a distance of seven hundred and fifty feet (750) east of said Main Street on the bearing N-14°-15'-40" W a distance of nine hundred and seventy eight (978) feet; thence on a line N-18°-38' E a distance of seventeen feet (17); thence S-50°-43' E, a distance of one hundred and sixteen (116) feet; thence N-77°-4'-45" E a distance of forty six and forty seven hundredths (46.47) to the center lines intersection of Middlesex Avenue and Adelaide Street; thence S-41°-19' E a distance of six hundred seventy nine and nine tenths (679.9) & along the center line of relocated Adelaide Street to the point of beginning, or do anything in relation thereto.

On request of the Planning Board

Hereof fail not and make due return of this Warrant, or a certified copy thereof, with your doings thereon to the Town Clerk, as soon as may be before said meeting.

LETTER

Dear Larz:

Referring to your article on Urban Renewal, in last week's paper, and to the attitude of some people, which was implied in the article.

We have a home for the aged in Wilmington. Which end of the town is it in? Is it down on Deming Way or is it up in the Town Hall?

I certainly would like to see something done to Wilmington Square. We should get rid of about 90% of the people in the Town Hall, and get some young blood in there.

JOINT MEETING TONIGHT TO DISCUSS JUNIOR HIGH SCHOOL

The proposed Junior High School, on Salem Street, near Ballardvale, is to be the subject of a joint meeting in the High School tonight, by the Permanent Building Committee, the Selectmen, the School Committee, the Planning Board, and the Finance Committee. The Permanent Building Committee, after several months of

work, have been unable to arrive at a cost of less than \$1 million for the proposed school. The discussion, tonight, will be over costs.

The PBC, last Thursday, rejected a proposal for a so-called circular school which would have had a 'pan-handle' in which would have been the school offices.

SPRUCEWOOD ROAD IS THE FRIENDLIEST

The residents of Sprucewood Road, in North Wilmington are the kind of people who invite each other over to visit all the time. They held a community barbecue, last Saturday, on the lawn of Arthur Robichaud, with Arthur and Bill Hamlin as the cooks.

Here, after the supper, the men are entertaining the kids, while the ladies gossip at the table in the farbackground. The two cooks may be distinguished by their hats. Standing is Leo Bergeron.

Each of the three towns put out two fires, while two Wilmington fire trucks put out three each. The thirteenth fire was put out by employees of Mytron, using the company's fire fighting materials.

Fireman Bill Nee was stung by a bee, while handling railroad ties, and had to be treated by a physician.

SELECTMEN REFUSE TO LET FORMER OWNER REDEEM LAND

An offer to pay up back taxes on some land off Faulkner Ave. by its former owner was refused, Monday night, by the Board of Selectmen.

The former owner, a man who owns many parcels of land in Wilmington bought at tax sales wished to redeem his title so that he could sell the land to an abutting owner, the Selectmen were told.

Selectman John Brooks thought that the abutting owner should have an opportunity to buy the land through a tax sale, if one was to be held. Selectman Kidder expressed hopes that one would be held in the near future, and was told that it will be some time yet, because of the death of the late Paul Emmons, who conducted this work for the town.
